

Dotted Basic Grooves

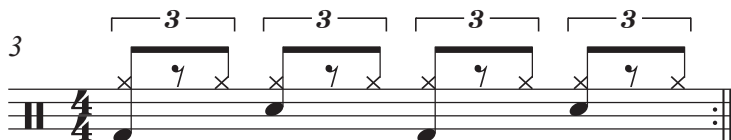

Dotted or "swung" eighth notes using triplet count on the hi-hats.

Note that although this can be written as  or  we have used the latter throughout as it makes it easier to understand the count and see where each beat falls.

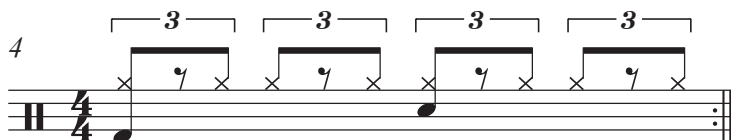

1 Trip Let 2 Trip Let etc...

Adding the bass on beats 1 and 3

Adding the snare on the 2 and 4

Laid back R&B feel with the bass on the 1 and the snare on 3

Bass drum on the 1 and the last beat of the second triplet.
